Highlights of 1979-80

This completes the second full fiscal year of operation of the Insurance Division since the creation of the Insurance Board. The Board has met at least monthly, and sometimes twice a month. With one appointed Board member from each Congressional District, it has increased the public input and awareness outside the Denver area. The Board plans to periodically take its meeting to other parts of the state to further increase this communication with the public.

Implementation of the Open Competition Rating Law which became effective July 1, 1979, has already shown the wisdom of such change. There appears to be greater availability of coverages, a slowing of increases in rates, and development of new policy contracts. This combined with the requirement of disclosure relating to automobile and homeowners policies has increased the public's understanding of their coverages.

Consumer inquiries and compliants continue to increase in number. In the Property and Casualty area, 4,419 complaints were handled. This is a decrease of 30%. 1,102 of the complaints were protests involving non-renewal or individual rate increases for auto policies. They decreased from 3,510 the year before. The 1,102 resulted in 350 formal hearings, of which 62% were decided in favor of the insured.

In the Life, Accident and Health areas, consumer complaints increased 17%. Telephone inquiries increased 25%. Policy form filings were up 136%. Most of these 12,989 forms filed were a result of the trend towards plain english policy contract wording.

The number of licensed agents, brokers, agencies, etc., continues to increase with approximately 24,200 individual licenses and over 700 licensed corporations and partnership agencies.

Disciplinary action against agents resulted in six revocations, one suspension plus monetary penalties. In many instances companies withdrew agent appointments when investigations were commenced. When such is the case, the agent has no license and thus there is no disciplinary action which can be taken.

PREMIUM TAXES, LICENSES AND FEES collected and placed in the general fund increased from $35,033,518 to $39,788,092, an increase of 13.6%. Of this, the legislature appropriated $1,445,158 for the Division's operations for 1980-81. This compares with $1,187,730 expended during the year. Revenues increased 13.6% while appropriations increased 21.7 over the previous year's expenditures. However, $262,629 must be recovered for the general fund as recovery for out-of-state examinations. Considering the recovery, it is actually almost 1/2% reduction.

COMPANIES LICENSED and regulated increased over the prior fiscal year to a total of 1,325. Totals by category are as follows:

Type of Company	Domestic	Foreign	Total
Multiple Line	7	452	459
Fire	3	1	4

DIRECT PREMIUMS EARNED on Property and Casualty insurance in 1979 increased 15.4% over 1978. Direct losses incurred increased 14.2%. For details see page iv.

LIFE INSURANCE IN FORCE reached another new high in 1979 of over $44 Billion, an increase of 12% over 1978.

No NEW REGULATIONS were issued in 1979-80 fiscal year.

LEGISLATIVE ACTIVITY in 1980 saw an unusual number of insurance related bills introduced for a so-called session year. They are summarized as follows:
